## Nawras Business Solutions is Coming closer to you

It's business made easy and at your doorstep! Get first-hand news and views on Nawras Business Solutions and learn how Nawras can help you get more out of your business at the 'Nawras Business Solutions' road shows.

Nawras, the Sultanate's customer friendly telecom company, will have a series of road shows in May, designed to get closer to you and your business. At these road shows, you can meet other like-minded people and companies, tackle communication issues and learn new ways to reduce company communication costs.

Markus Golder, director of Nawras Business Segment, stated that "despite the majority of business establishments being in Muscat, Nawras understands that a lot of businesses are located in other key cities such as Sohar, Nizwa, Sur and Salalah. The Nawras Business Solutions team intends to visit each of these cities to introduce Nawras's business segment strategy of current and future business solutions that underline our promise that we come to you."

During these road shows, clients will be invited to familiarize themselves with existing and potential business solutions from Nawras.

Even better, if you are lucky, you can also win some valuable prizes at the road shows, and everyone will go home with some attractive give-a-ways from Nawras.

"We want to provide business solutions to Omani enterprises and help improve businesses in their day-to-day work. By advancing business, we continue our success story in helping Oman grow as a nation," added Golder.

All events will include a question and answer session followed by a mouth watering dinner. More details of these road shows will be communicated in due course. We look forward to meeting you and invite you to send your contact details to [nbs@nawras.om](mailto:nbs@nawras.om) to receive your invitation.
